

Goulburn Valley Hearing Clinic is a locally owned, independent private clinic.

- We only employ accredited university-trained audiologists, free to fit any brand of hearing aid or device and products that we feel offer the best results at the best prices
- Our audiologists are not paid sales commissions or bonuses, and do not have sales targets, so they can work in our clients' best interests and provide true client-centred care.

Services offered:

- Australian Commonwealth Hearing Services Program funded hearing assessments, rehabilitation, free-to-client hearing aids/devices, and maintenance
- Adult Cochlear Implant assessments, post-implant follow-up, and mapping
- Worksafe Victoria funded hearing assessments, rehabilitation, hearing aids/devices, and maintenance
- Dispensing state-of-the-art, computer-programmable digital hearing aids from the world's leading manufacturers
- Hearing assessments
- Industrial screening and follow-up testing
- Pre-employment, air pilots' licence and police medical testing
- Musicians' earplugs and ear monitor moulds
- Wax management.
